

Time for
sustainable tourism,
time for
TRAVELIFE

Green
Hotels

Travelife Sustainability System is an easy to use «all-in-one» solution for tourism business that recognises the importance and advantages of becoming more sustainable. TRAVELIFE is supported by all tour operators around globe.

What are the sustainability issues to be managed?

- Energy reduction
- Renewable energy sources installation
- Water use reduction
- Waste management
- Supply chain - Purchasing sustainability
- Employee relations
- Relations with your local community

Do you want to know more?

We deliver corporate online workshops at low prices all around globe.
